

## DESCRIPTION OF THE FIELD OF THE HABILITATION AND INAUGURATION PROCEDURE

|  |  |
|--|--|
| <b>Name of the field of habilitation and inauguration proceeding</b>   | General ecology and ecology of individuals and populations |
| <b>Name of the study field(s), to which the field of habilitation and inauguration proceeding is assigned</b>                                    | Ecological and environmental sciences                      |
| <b>Name of the study programmes (3<sup>rd</sup> degree of study), to which the field of habilitation and inauguration proceeding is assigned</b> | Environmental ecology                                      |
| <b>Name of the study programmes (2<sup>nd</sup> degree of study), to which the field of habilitation and inauguration proceeding is assigned</b> | Ecology  |

### **The content of the field of the habilitation and the inauguration proceedings**

#### **General ecology and ecology of individuals and populations:**

The content of the field of habilitation and inauguration is defined to meet the attributes and developments in the field of General ecology and ecology of individuals and populations and its related disciplines. Candidates possess knowledge, abilities and skills in the field of ecological disciplines corresponding to international criteria, capable of independent scientific research work at a level corresponding to the current requirements of science. The candidate has professional and methodological knowledge in a number of specific areas of the field of study in line with the definition of ecology in European universities.

### **Definition of the field of the habilitation and inauguration procedure**

The University has defined the field of habilitation and inauguration in General ecology and ecology of individuals and populations by name and content in such a way as to ensure that its content definition is as close as possible to the field of study of Level 3 Environmental ecology and the field of study of Level 2 Ecology to which it is assigned.

### **The persons responsible for the development and quality assurance of the field of habilitation and inauguration proceedings**

prof. PaedDr. Ján Koščo, PhD.
