

ANNEX no. 6:

The field of study to which the field of the habilitation proceedings
and the inauguration proceedings is assigned:

Economics and Management
Management

Field of habilitation and inauguration proceedings:

Faculty of Management and Business

A. GENERAL MANDATORY CRITERIA	Associate professor	Professor
A.1. Scientific degree PhD. (year of obtaining)		
A.2. Title associate professor (year of obtaining)	-	
A.3. Teaching activity (number of years) amounting to at least 50% of the prescribed weekly working hours.	3 years after obtaining the PhD. degree	4 years after obtaining the associate professor degree
A.4. Supervision of successfully completed PhD. students (number)	-	2
A.5. Current supervision of PhD students after the dissertation examination (number)	-	1
A.6. Authorship of a textbook for universities (number) ¹	1	1
A.7. Authorship of lecture notes and teaching texts (number) ²	1	2
A.8. Authorship of scientific papers in total (number)	30	70
A.8.1. Authorship of publications at least at the category A (number) ³	4	12
A.8.2. Authorship of publications in the journal registered in the Web of Science database with IF $\geq 0,50$ or HI ≥ 12 , alternatively in Scopus database with SNIP $\geq 0,50$ or HI ≥ 12 (number) ⁵	3	10
A.8.3. Authorship of publications in scientific journals (number)	15	30
A.9. Written positive references from international experts (number)	-	3
B. SPECIFIC MANDATORY CRITERIA		
B.1. Supervision of successfully completed theses at the first or second level of study (number)	10	20
B.1.1. Supervision of successfully completed diploma theses (number)	5	10
B.2. Responses or citations to publication activity in total (number) ⁴	30	100
B.2.1. Citations registered in Web of Science or Scopus databases (number) ^{4, 5}	15	60
B.2.2 Foreign citations (number) ⁴	15	50
B.3. Completed grant and other research tasks (number)	4	7
B.3.1. Principal investigator or responsible investigator of the research team, or coordinator. In the case of habilitations, the deputy principal investigator or deputy responsible investigator is also recognised (number)	1	2
B.3.2. Co-investigator (number) ^{6, 7}	3	5
B.4. Current involvement in a research project or other research task within the last two years. For habilitation, at least at the level of co-investigator, and for professorial appointments, at the level of the principal investigator/responsible investigator or coordinator (number).	1	1

B.5. Supplementary optional criterion: Collaboration with practice in the context of teaching, research or development activities, clearly documented, e.g., through project involvement, employment, or other official confirmation (number)⁷	1	2
--	----------	----------

Explanatory notes:

¹ This concerns the type of publication output "university textbook" within the "P1" category as defined according to the Decree of the Ministry of Education, Science, Research and Sport of the Slovak Republic No. 397/2020 Coll. (according to the Decree No. 456/2012 Coll., it corresponds to categories ACB, ACA). For the purposes of these criteria, only the author of a part of a publication of at least 3 author's sheets (AH) is considered to be the author or co-author of a "textbook for universities"

² This concerns the type of publication output "lecture notes" or "educational text" within the "P1" category as defined according to the Decree of the Ministry of Education, Science, Research and Sport of the Slovak Republic No. 397/2020 Coll. (according to Decree No. 456/2012 Coll., it corresponds to category BCI). For the purposes of meeting these criteria, only an author or co-author of "lecture notes" or an "educational text" who has contributed at least 3 author's sheets (AH) shall be considered as such. Outputs of the type "lecture notes" or "educational text" may be substituted with a "university textbook".

³ Classification of outputs in category A+, A, A-:

A+	Top International level category (A+) is considered to be: - outputs published in a scientific journal assigned to quartile Q1 and Q2 in the Web of Science or Scopus database.
A	Significant International Level category (A) is considered to be: - outputs published in a scientific journal assigned to quartile Q3 in the Web of Science or Scopus database, outputs published in a scientific journal with an Impact Factor $IF \geq 0.50$ or HI (h-index) ≥ 12 in the Web of Science database, or alternatively a scientific journal with a SNIP ≥ 0.50 or HI (h-index) ≥ 12 in the Scopus database, - a monograph or a chapter in a monograph in a world language published by a renowned foreign publisher (i.e., listed among selected foreign scientific publishers that carry out anonymous peer reviews – "CREPČ" (Central Register of Publication Activity), - a scientific paper in a conference or non-conference proceedings, published by a renowned foreign publisher (i.e., listed among selected foreign scientific publishers that carry out anonymous peer reviews – "CREPČ" (Central Register of Publication Activity) and indexed in the Web of Science or Scopus database, - a study in a journal or proceedings in the form of a scientific monograph in a world language if it is published by a renowned foreign publishing house (i.e., listed among selected foreign scientific publishers that carry out anonymous peer reviews – "CREPČ" (Central Register of Publication Activity).
A-	Internationally recognised level category (A-) is considered to be: - outputs published in a scientific journal assigned to quartile Q4 in the Web of Science or Scopus database and at the same time if the output does not meet any of the criteria listed in the classification of category A outputs in this table

⁴ Citations and references excluding self-citations.

⁵ Code of the category for recording references to publication outputs: 1; until 2021, categories 1 and 2 according to Decree No. 456/2012 Coll.

⁶ A co-investigator is considered to be an individual holding at least the position of investigator, i.e., at least be a member of the research team for a grant or other research project.

⁷ Fulfilment of the required number of units under criterion B.5 may be used to compensate for partial fulfilment of criterion B.3.2.
