Institution of Higher Education: Univ Faculty: Faculty of Healthcare					
Subject code: 6KUS/ZIVYK-ER/25	Name of subject: Winter mountain rescue training				
-	course				
Type, scope and method of educationa	al activities:				
Daily form of study: 50 contact h	ours (exercise)/semester, non-contact education 10				
hours/semester, total demand on student	60 hours, full-time method of education				
Number of credits: 4					
Recommended semester/trimester of s	study:				
Daily form of study: 1st year winter ser	mester (1st semester)				
Level of study: 1st level					
Prerequisite subjects: none					
Conditions for completing the subject					
Manner of completing the subject: con	mpleted				
Criteria of assessment:					
• compulsory participation of stude	ent in direct education to the full extent,				
• individual self-study (10 hours),					
• completing the final knowledge test with min. 50% success,					
• completing the final run focussed on practical solving model situations related to the					
rescue on a ski run.
