

## FACULTY OF ORTHODOX THEOLOGY

[www.unipo.sk/pbf](http://www.unipo.sk/pbf)

@Pravoslavnafakulta

The faculty is the only one of its kind in Central Europe. Its historical roots date back to the time of the Cyril and Methodius mission, whose faith legacy it has preserved intact to this day.

It combines the tradition of ancient scholarship, the continuity of which was preserved in the Byzantine cultural environment, and authentic spiritual life in the pursuit of a symbiosis between the traditional and the modern.

In 2012, the Faculty established the Institute of Greek Language and Culture, which is the only one of its kind in Slovakia and is focused on Greek Language teaching.

Since 2013, the faculty's modern facilities also include patristic-philological and social-psychological laboratories.

Students of the faculty can also complete part of their studies at theological schools abroad.
