Master's Study Programme

ECONOMY AND MANAGEMENT IN SUSTAINABLE INNOVATIVE INDUSTRY

Faculty of Management and Business

UNIVERSITY OF PREŠOV

Be ready to lead the green transformation of industry! The **Economics and Management in Sustainable Innovative Industry** Master's programme at the University of Prešov is your gateway to a career at the forefront of sustainable innovation. Delivered entirely in English, this academically rigorous and practically oriented programme equips students with the skills, mindset, and tools to become changemakers in today's rapidly evolving business and environmental landscape.

Set in an inspiring academic community in Central Europe, the Faculty of Management and Business offers a unique interdisciplinary learning experience that connects economic analysis, environmental sustainability, and technological innovation. Whether your goal is to become a circular economy expert, a sustainability strategist, or an ESG project leader, this programme will empower you to design impactful solutions to global challenges such as climate change, resource scarcity, and industrial decarbonisation.
