TIPOLOGIA DA ESCOLA/CONTEXTO DA ESCOLA TYPE OF SCHOOL/CONTEXT	Our school is situated in a small village, Vale de S. Cosme, in the north of Portugal. The nearest town, Vila Nova de Famalicão, is about 6 Km away. The school is also located relatively close to three major cities of the north of Portugal, Porto, Braga and Guimarães. This region, the Ave Valley, is currently undergoing through a major socio-economic crisis. Once the textile industry brought prosperity and jobs for local people, but nowadays, with the global crisis, there are serious social, economic and unemployment problems. In spite of all these problems, local economy is beginning to show signs of some recovery. Due to this situation, our students are often at risk of abandoning school, as they experience the pressure of their poor families in order to contribute to the familiar income. Our school is, however, a modern institution, with good facilities and represents a unifying element in the local society. It is always concerned in providing the educational needs to our students and it is also concerned with the support it can provide them in order to make students aware of the right decisions to take for their personal and professional future.

	<p>Our school, Didáxis – Escola Cooperativa Vale de S. Cosme has already some experience in European projects. The Comenius Project "Energy ", two years ago and, beginning in 2013, also a Comenius Project "Only Aware Can Act Fair" which will end in 2015. In 2012 our school hosted its first Comenius Assistant, who came from Turkey, and this experience was amazing. It created a very special atmosphere either among students and teachers. And this is the main reason for us wishing to repeat the experience.</p>
