TRAINEESHIP INFORMATION	
Subject area (languages; education; mathematics...)	English Literacy, Science, Geography in Primary School.
Location	Italy, Milan, IC. Ciresola, Via Venini 80
Start Date	1 <sup>st</sup> September 2014
Duration	September 2014/June 2015
Working hours per week	Our Primary School has been involved for four years in the BEI Project (Bilingual Education Italy) promoted by MIUR (Ministry

	<p>of Public Education) and coordinated by the British Council, so pupils study Science and Geography in English from the age of 6 to 11 for 6 or 7 hours per week.</p> <p>At the moment 354 students attend BEI classes, but next school year the percentage will rise up to 65% of the enrolled students of the Primary School.</p> <p>In the 2014/2015 school year 20 classes out of 31 will be involved in the Bilingual Project.</p> <p>The teachers who work in team for the project need the support of an English mother tongue in order to prepare materials, lesson plans and curricula because there are no text books for the BEI Project at the moment. They also need a help during the lessons in order to offer the children the possibility to interact with a mother tongue speaker.</p> <p>Our school has made the application for the KA2 in order to start international cooperation and international relations with 8 European partners.</p> <p><b>In the light of these information the Bei the school is very interested in welcoming more than one mother tongue assistant.</b></p> <p><b>Really, we would need the support of a mother tongue assistant for a minimum of 40 hours per week in order to offer at least 2 hours per week to each class involved in the Bilingual Project.</b></p>
Description of activities,tasks	<ul style="list-style-type: none"> <li>- Support lesson planning activities.</li> <li>- Story telling activities.</li> <li>- Interaction with children.</li> <li>- Conversation.</li> <li>- Voice recording for the PPT presentation teachers usually send to their students.</li> <li>- Support Literacy activities.</li> </ul>
