

IT SOUNDS FUN

INTERNSHIP IN SPAIN
2022/2023

It Sounds Fun

Director: Joana Mateo

At It Sounds Fun they specialize in teaching English to children and adolescents from 2 to 16 years old.

Their main objective is the use of the language orally, the knowledge and the correct production of the phonemes of English sounds and their representation.

It Sounds Fun

They combine a successful teaching method with the latest technological resources and the Jolly Phonics system, to guarantee a fun educational experience.

Kids can start from very early age, when they can easily acquire new language and they continue through years all the way to the B1 and B2 level.

Our team

They also offer a teacher-training program that allows new teachers from different countries to gain confidence, acquire new knowledge and learn how to run an ESL classroom along experienced teachers.

What was our job?

We worked as a teachers in a academy.

Our **main job** was to teach English language. Which included:

- the preparation of activities for the lesson,
- the organization of the class,
- the teaching itself.

A huge help for us was a **spanish assistant**, who helped us to communicate with the youngest kids if needed.

At the beginning of the year, we completed a **training of the Jolly Phonics** method, which we taught throughout the year.

In addition we also taught at a **nursery** (1-2 years olds) English vocabulary and Jolly Phonics sounds twice a week.
