

Bachelor's Study Programme

BIOLOGY

Faculty of Humanities and Natural Sciences

University of Prešov

University of Prešov

Explore Life. Build the Future.

Our Bachelor's programme in biology offers a comprehensive foundation in key biological disciplines—from botany and genetics to molecular biology and human physiology. With a strong focus on progressive scientific directions, students gain hands-on experience and deep theoretical knowledge across subjects like microbiology, evolutionary biology, and laboratory methods.

Graduates are ready to creatively apply their skills in both basic and applied biological research, capable of meeting the evolving needs of science, society, and the job market.

Type:	Bachelor's, single-major, full-time
Duration:	3 years
