

Master's Study Programme

BIOLOGY

Faculty of Humanities and Natural Sciences

University of Prešov

University of Prešov

Explore Life. Solve Real-World Challenges.

Shape the future of science and society with our interdisciplinary Master's in biology. From molecules to ecosystems, gain expert knowledge in biology, chemistry, and data analysis—providing you with the capacity to tackle today's environmental and biomedical challenges.

Through hands-on lab work, research projects, and internships, you will master modern scientific methods and tools. This program fosters creative thinking, independent research, and leadership skills—preparing you for careers in science, public administration, environmental institutions, or further academic studies.

Type:	Master's, single-major, full-time
Duration:	2 years
Tuition fee:	3 000 EUR / per year
