University of Prešov

Shape the Future of Sports Science!

Are you passionate about sport, education, and research? Apply for doctoral studies at the Faculty of Sports, University of Prešov, and become part of an inspiring academic environment where sports science meets practice. Our program offers a unique opportunity to explore the role of sport in society, the possibilities of education in and through sport, as well as modern training approaches. With the support of experienced supervisors and teachers, access to top-level research facilities, and opportunities for international collaboration, you will find excellent conditions for developing your professional and scientific career. Join us and help shape the future of sports science in Prešov – the heart of eastern Slovakia, where tradition meets a modern lifestyle.
